# ANNA MARIA

## FULL - STACK DEVELOPER

### PERSONAL PROFILE

Hello ✨, my name is Anna Maria I am 20 years old and I am a full-stack developer.

In 2019 as soon as I finished high school at the age of 16, I decided to start studying Information System.

In 2020 I started studying HTML, CSS, JavaScript and React, I fell in love and decided that I would go deeper into web development.

In early 2021 I got an internship at Avanade Brasil where I'm still working, here at Avanade I work in the automation and ChatBot area.

I'm currently studying Python and the Django framework and I'm also constantly learning both web development (HTML, CSS, REACT) and ChatBot and all the automation stuff.
